

Solution & Implementation Partner

Serving Malaysia, Taiwan, Hong Kong, Thailand, Vietnam

Language: English 中文, 粵語, Bahasa Malaysia, Thai

Let us help your organisation achieve digital transformation, creating meaningful work experiences that inspire joy and innovation.

Since 2017, we've developed and implemented Smartsheet solutions for customers in a broad range of industries, including Oil & Gas, Architecture, Construction & Engineering, Energy & Utility, Financial Services, Manufacturing, Engineering, and more.

Service Offered:

- Implementation Services
- Solution Building
- Managed Technical Support
- Training Enablement
- Public Learning Lab
- Custom Integrations
- Business Consulting

Modern work can be joyful & effective when your people, goals, & processes are aligned

How We Help You Succeed

As your partners in digital transformation, we will:

- Analyze your current workflows to identify improvement areas
- Propose simple, effective solutions that your team will actually use
- Provide training and support to ensure smooth adoption
- Help you measure and maximize your return on investment

Client Testimonials

Jeremy Chia
Managing Partner,
Chia Ka & Partners (CKP)

"Even with a global pandemic, our sales and productivity have grown 30% compared with last year. This would not have been possible if we did not have the visibility and clarity that is important for business owners, especially when it comes to planning and decision-making"

Ashikin Aris
Senior General Manager
of Professional Services,
Century Software

"57Network, our local Smartsheet partner, was always available to help."

Megat Asyraf
Project Management Officer
of Property Services Dept.,
Tenaga Nasional Berhad

"Thanks to guidance and support from 57Network, we now fully understand Smartsheet. So, we are trying to showcase these improvements to our management. Four other units have already seen the benefits and are planning to follow our path."
